

POST-GRADUATE COURSE:

## PAEDIATRIC MYCOLOGY

Dear colleague,

It is a great pleasure to invite you to the Post-Graduate Training Course 'Paediatric Mycology' organized by the European Paediatric Mycology Network (EPMyn) and supported by the ESPID, ECCM and EFISG. This training course will be held following the Trends in Medical Mycology, the bi-annual joint meeting of the European Confederation of Medical Mycology (ECMM) and EORTC Infectious Diseases Group.

Internationally recognized European experts in the field of paediatric mycology will update you on the latest developments related to the epidemiology, prevention, diagnosis and treatment of invasive fungal infections in children and neonates.

The EPMyn has been launched in 2014 to create a European platform for research and education in paediatric mycology with the ultimate goal to increase our understanding of invasive fungal infections in children and neonates and to improve the outcome.

On behalf of the EPMyn steering group, I am looking forward to greet you at our Post-Graduate Course.

Adilia Warris, chair EPMyn

Steering Group: Adilia Warris (chair), Andreas Groll, Andrew Cant, Carlo Giaquinto, Elio Castagnola, Emmanuel Roilides, Irja Lutsar, Mike Sharland, Nigel Klein, Paolo Manzoni, Roger Brüggemann, Thomas Lehrnbecher.

## Monday October 12<sup>th</sup>

13.30-14.00hr	Registration
14.00-14.15hr	Welcome ( <i>Adilia Warris</i> )
NEONATAL SESSION	
14.15-14.45hr	Invasive Candidiasis in Neonates <i>Emmanuel Roilides, professor of paediatrics, Thessaloniki, Greece</i>
14.45-15.15hr	Preventive Measures <i>Elio Castagnola, paediatric infectious diseases specialist, Genua, Italy</i>
15.15-15.45hr	Antifungal Treatment in Neonates <i>Irja Lutsar, professor of paediatrics, University of Tartu, Estonia</i>
15.45-16.15hr	BREAK
16.15-17.45hr	Interactive Neonatal Cases
18.30-20.00hr	BUFFET DINNER
20.00-20.30hr	TDM in neonates and children <i>Roger Brüggemann, clinical pharmacologist, hospital pharmacist, Radboud UMC, Nijmegen, NL</i>
20.30-21.00hr	Fungal Diagnostics with a focus on paediatrics <i>Paul Verweij, professor of medical microbiology, Radboud UMC, Nijmegen, the Netherlands</i>

## October 13<sup>th</sup>

### HAEMATO-ONCOLOGY

9.00-9.30hr	Epidemiology of Fungal Infections in Haemato-Oncology Patients <i>Stephane Paulus, senior lecturer paediatric infectious diseases, Liverpool, UK</i>
9.30-10.00hr	Targeted Prevention Possible? <i>Elio Castagnola, paediatric infectious diseases consultant, Genua, Italy</i>
10.00-10.30hr	Treatment of Invasive Fungal Infections in Haemato-Oncology Patients <i>Andreas Groll, professor of paediatrics, Münster, Germany</i>
10.30-11.00hr	BREAK
11.30-12.45hr	Interactive Paediatric Cases
12.45-13.30hr	LUNCH
PRIMARY IMMUNODEFICIENCIES	
13.30-14.00hr	Fungal Infections in Primary Immunodeficiencies <i>Adilia Warris, associate professor paediatric infectious diseases, University of Aberdeen, UK</i>
14.00-14.30hr	Management of invasive aspergillosis in CGD patients <i>Nigel Klein, professor of paediatrics, University College London, UK</i>
14.30-15.00hr	Imaging of Fungal Infections <i>Charalampos Antachopoulos, assistant professor, Thessaloniki, Greece</i>
15.00-15.30hr	Wrap up and Closing Remarks (Adilia Warris)
