

26th WATSON MEMORIAL STUDY DAY

Childhood Infection and Immunity

Friday 19 January 2018

The Boiler House, Newcastle University, Newcastle upon Tyne, UK

Come and join us in Newcastle for a packed day of talks, interactive case discussions and networking opportunities, invaluable to anyone interested in childhood infection and immunity.

Discussing some of the speciality's hot-topics in research, clinical medicine and public health at home and abroad, this year's selected speakers include: Dr Janet Berrington (Newcastle University), Dr Shamez Ladhani (Public Health England), Dr Bhanu Williams (RCPCH), Dr Paul Collini (University of Sheffield), Dr Mark Tebruegge (University of Southampton) and our Keynote Speaker Dr Sophie Moore (King's College London), together with updates from the Department of Paediatric Infectious Diseases and Immunology, Great North Children's Hospital. Free registration. Lunch included.

CPD points applied for.
